HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the

LIVER, STOMACH, OR DIGESTIVE ORGANS.

Hoofland's German Bitters

Is composed of the pure juices (or, as they are medicinally termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcohol or admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant & agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the more palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the stomach, soon becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, and Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which has received from his thoroughly tried and well known properties, is carefully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of the diseases for which it is recommended. It is unquestionably those well-known remedies—

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*

PHILADELPHIA, PA

Twenty-two years since this work was first introduced to the country from Germany, during which time they have established a popularity unequalled by any medicine, and been of the greatest benefit to suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all diseases arising from a disordered Liver, Stomach or Intestines.

DEBILITY,

Resulting from any Cause whatever;

PROSTRATION OF THE SYSTEM,

Induced by Severe Labor, Hardships, Exposure, &c.

There is no medicine extant equals these remedies in such cases. A judicious use of Hoofland's German Bitters, the great stomachic tonic, purifies the blood, invigorates the whole system, tones the stomach, regulates the bowels, and the whole machine becomes a strong and healthy piece of mechanism.

PERSONS ADVANCED IN LIFE,

And feeling the load of infirmities clinging heavily upon them, with the exception of Dr. Jackson's Bitters, will find in the use of the BITTERS, or the TONIC, an invigorating restorative.

WEAK AND DELICATE CHILDREN

Are made strong by the use of these remedies. Mothers, who have suffered for years from the use of MERCURIAL and other poisonous drugs, will find in the use of these remedies a perfect antidote for all evils arising from the use of such poisons. Those who have never used mercurials, will find in these remedies a valuable preventive of future sickness. Those who have suffered, are, in the use of these remedies, having the assurance that they cannot be followed by any of the evils consequent upon the use of mercurials.

TESTIMONIALS.

HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Penn'a, writes:

Philadelphia, March 16, 1867.

"I find Hoofland's German Bitters a good tonic, useful in cases of dyspepsia, indigestion, and of great benefit in cases of debility, and of nervous action in the system."

GEO. W. WOODWARD.

HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider Hoofland's German Bitters a valuable medicine in case of habitual indigestion or dyspepsia, I can certify that I am my experience of it."

Yours, with respect,

JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Seventh Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, feeling conscientiously bound to state, *for the relief of the afflicted, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail to relieve, but it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates st.

FROM REV. E. D. FENDALL,

Assistant Editor Christian Chronicle, Philadelphia.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver.

Yours, truly,

E. D. FENDALL.

Shall we strike a bargain, Fate?
And will thou to this agree?
Take whatever things are great,
Leave the little things to me!

Take the eagle, proud and dark,
Broad of shoulders, strong of wing;
Leave the robin leave the lark,
'Tis the little birds that sing!

Take the oak-wood, towering up,
With its top against the skies;
Leave one little acorn cup—
Theroin all the forest lies.

Advertisers and others interested will be'er in mind that the regular circulation of the "STAR AND SENTINEL" is much larger than that of any other paper published in the County, being read weekly by not less than 11,000 persons.

☞ Advertisements, to secure immediate attention must be handed in on or before Thursday morning.

To Campaign Subscribers.

This week's issue (Nov. 13) is the LAST which will be sent to campaign subscribers. We should be glad, however, to retain all, or at least a goodly number of them, as regular subscribers and shall endeavor to furnish them with an interesting and profitable paper. In these stirring times, no man can afford to do without a good newspaper, to keep himself posted as to current news, and through which the family, old and young, are largely profited. Next week we shall return to our regular edition, so that those campaign subscribers who desire to continue the paper should notify us promptly, otherwise there may be failure to supply them, as we print each week only as many papers as our mailin, list calls for. For $2 we will send the paper one year—for $1, six months—and for 50 cents, three months. In view of the size of the paper—its varied contents—these terms are lower than those of any paper in the district.

REPUBLICANISM IN ADAMS.

We have been interested in examining the returns of the elections in this County since 1860, and re-produce some of the figures for the gratification of our readers. We give the vote in October and November of the Presidential years 1860, 1864, and 1868:

October.	1860.	November.
Curtin,	2,773	Lincoln, 2,724
Foster,	2,849	*All opposition* 2,718
Dem., maj.	76	Lincoln's maj 6
Total vote	5,622	Total, 5,442

October.	1864.	November.
Koontz,	2,523	Lincoln, 2,612
Coffroth,	2,759	*McClellan*, 3,016
Dem., maj.	236	404
Total vote,	5,282	Total, 5,628

October.	1868.	November.
Hartranft,	2,832	Grant, 2,917
Boyle,	3,173	*Seymour*, 3,170
Dem., maj.	341	253
Total vote,	6,005	Total, 6,087

These figures prove that the most rapid growth of the Democratic vote in this County was between 1860 and 1864, which was doubtless due to the War, to the slavery question as developed by the War, to our nearness to the scenes of the War, and to the large share of sufferings and losses entailed on us by the War. From 1864 to 1868, the Democratic vote has grown from 3,016 to 3,173, or but 157 votes, being an increase of but *five* per cent. During the same period, the Republican vote has grown from 2,612 to 2,917, or 305 votes, being an increase of nearly *twelve* per cent! These figures show that the day of heavy trial for the Republicans has passed, and that we are gradually gaining upon our enemies, notwithstanding the influence of the natural growth of population, the increased emigration of Republican young men, and the removals into our county from the Copperhead counties adjoining on nearly every side.

Our increasing strength manifestly comes from conversions, and especially from the dispositions of young men to ally themselves with a patriotic and progressive party, whose triumphs and glories are its *present* honor, rather than with a tarnished and re-actionary party which turns its face away from the living ideas of the present, which seeks to obstruct the path of progress, whose policy is a policy of dishonor and shame, and over whose recent record no notary can have the slightest feeling of pride.

There is much in this retrospect to encourage the Republicans of Adams. They have maintained a grand fight.—They have stood by their principles.—They have been faithful to their country. They have not abandoned one of the great ideas which underlie the organization of their party. They have bravely borne its banner aloft, and it bears not a single stain. Let them be, in the future as in the past, faithful, decided, and uncompromising, and they will soon be a majority in the County as their comrades are in the State and the Nation.

THE PRESIDENT ELECT.

General Grant, the President elect, accompanied by his family and several of his Staff, reached Washington on Saturday evening. The trip from Galena to Washington was accomplished in that quiet, unostentatious manner which is characteristic of General Grant. Moving rapidly, seeking to withhold as much as possible all knowledge of his movements, and to avoid as far as possible all popular demonstrations, it was not yet quite possible for the General to entirely escape the manifestations which the people desired to offer him. Before leaving Galena he bid good bye to his fellow-townsmen, thanking them and all others who have fought together in this contest; and intimating that he did not expect to visit them again for some years. At several points on the route eastward he was called out by spontaneous demonstrations of the people. At only one point did he make a speech, and it was brief as well as significant. Greeted by a Republican procession in which were many soldiers who had "voted as they fought," he said: "Gentlemen—I see many of you in uniforms. You laid them off three years ago, and you can now lay them off again. We will have peace. Good night." Evidently General Grant understands the character of the victory won.

The Washington city authorities and officers of the several Republican organizations of that city waited upon him on Tuesday to ascertain at what time it would suit his convenience for them to make a public demonstration. General Grant responded that he was glad to meet them to receive their congratulations, but hoped that they would spare him any public demonstration, stating that he would be glad to receive his friends at his residence.

One of General Grant's first acts upon arriving at his headquarters in Washington was to order the destruction of several bushels of letters which have been sent to him in relation to offices, &c., which had been opened and briefed by his Staff. No record of them was kept, and this timely warning will probably save a vast amount of importunity in advance, and indicates a determination not to allow the cares of State to weigh him down prematurely.

Horace Greely, Moses Grinnell, and other prominent citizens, have been appointed a Committee to investigate the frauds in New York City.

FURTHER ABOUT FRAUDS.

The Philadelphia Copperheads made a desperate effort Tuesday of last week, to maintain their vote of the second Tuesday of October. To accomplish this, they stuffed the ballot boxes in the most approved, modern Democratic style. The returns of one division which gave the Copperheads 304 in October gave 1018 in November! Another division rose from 588 Copperhead votes in October to 1201 in November. Another rose from 304 to 976, and a fourth from 418 to 651. The extra votes were all put in the *last hour The polls were open*. The Return Judges threw out the returns, which were not accompanied with lists of voters. To show the utter disregard of law, we subjoin an affidavit of one of the inspectors of the Eight division of the Fourth Ward. He swears that persons voted over and over again on false, fictitious names; *some persons voting as often as three, four, five, six, seven and eight times each;* that the whole number of taxables on the regular Assessor's list of said Division, is six hundred and fifty-three (653), and in the extra assessment list is two hundred and fifteen (215), making a total of eight hundred and sixty-eight (868); that one thousand three hundred and fifty-four tickets were counted in said election Division at said election; that the largest vote polled in said Division at the election held October 13, 1868, was seven hundred and forty-four (744); that deponent was a clerk in the said division at the election held October 13, 1868, and that said election was a gross and atrocious fraud; that the frauds perpetrated at the election held November 3, 1868, exceed the frauds perpetrated Oct. 13, 1868; that no opportunity was given deponent to ascertain if the names of persons offering to vote were on the list of taxables; that challenges were disregarded, and tickets placed in the box as soon as received in the window *and that at least five hundred votes were received from persons not on the list of taxables;* that persons claiming to be between the ages of twenty-one and twenty-two years voted without being sworn or affirmed, and without requiring vouchers for residence; *that tickets were thrown in the window, a name announced by some person outside and the ticket received and placed in the box; that persons came up with a ticket in each hand, placing one hand in first with a ticket, announcing a name, and then placing the other hand in the window and announcing another name, and that all such votes were received, regardless of challenges, and placed in the box.*

In NEW JERSEY, as well as in NEW YORK, the same infamous means were employed. For some time past *blank* naturalization papers, bearing a counterfeit seal of the Essex county Court, have been circulated in Newark; and on Wednesday of last week, Col. Wm. A. Treadwell, late of the Rebel army, was arrested, charged with their issue. He was committed to the Hudson County Jail, in default of $20,000 bail. Other persons are also implicated in these frauds which are believed to have been committed by wholesale in Hudson county. Mr. HALSEY, defeated for Congress by these and like frauds, will contest the seat; and it is not impossible that the Copperhead Governor may be unseated by the exposure of these monstrous crimes.

If no remedy can be discovered and applied, and if corruption in this respect should continue to spread for the next twenty years as it has the past ten, popular elections will become a mere farce, and the maintenance of Republican Government will become a difficulty. Every man—without distinction of party—who loves his country and would preserve its liberties, is interested, deeply and vitally, in frowning down this villainy, no matter by whom, or in whose interest, practiced. Those who tamper with the ballot-box are public enemies, and should be so considered, for they strike at the only safeguard for property, liberty, and life itself, which it is possible to have in a government like ours. Outside of a pure and honest suffrage, there can be no adequate protection found for the great interests of society. The scoundrels who invade it, should be summarily and severely punished.

REBELS vs. DEMOCRATS.

One of the Republican speakers at the last Cashtown meeting charged upon the Maryland Democrats that they were rewarding with office men who had been in the Rebel military service. A Copperhead present denied the statement, and alleged that no persons who had been in the Rebel service were in public position in Maryland.

The original statement is true. We are assured that among the police force, and in all portions of the Baltimore City organization, Rebel officers and privates are in office, and that some of them *superseded men who had been wounded in the Union Army*.

Besides, every body knows that the first act of Judge S. TEACKLE WALLIS, upon his election as chief Judge of the Superior Court of Baltimore city, was the appointment, as Clerk of that Court, of Commodore HOLLINS, late of the Rebel Navy, who is now enjoying the profits of one of the most lucrative offices in that State! He was one of the most daring and mischievous officers in the Rebel service, and cost the U. S. Government great losses in men and money. His *reward* is, to retire upon the profits of a *fat office*, while wounded Union soldiers beg for a living! Such is *Maryland* Democracy, against which Pennsylvania Democracy enters no protest.

In re-organizing the Maryland Militia, Gov. SWANN has given high places to JOSEPH COOPER and other Rebel officers, it being a mark of merit in SWANN's eyes to have served in the Rebel Army, and a demerit to have served under the "Stars and Stripes."

Whatever may be said of other portions of the country it is no doubt true that in Maryland, Delaware, and Kentucky the only reliable and pure-blooded Democratic States in the Union—every Rebel is a Democrat, and nearly every Democrat is a Rebel in spirit, sentiment, and purpose. Fortunately, GRANT's election will tend to establish firmly the idea that Loyalty, and not Treason, shall be a test of merit, and an occasion of promotion.

THE editor of the Boston *Post* is a philosopher. In a recent number, he announced:

For Sale—Eight roosters, as good as new, never having crowed but once.—Sunpio.

Here follows the picture of a very good-looking rooster, considering that he is a Democratic rooster. He is in good condition evidently, his service in the Democratic party not having tired him greatly.

The six New England States give GRANT nearly 150,000 majority. We expect to hear soon a rehowal of the Copperhead demand of 1863 that in reconstructing the Union, New England should be "left out in the cold." New England intelligence is dreadfully in the way of Copperhead policy.

IN accordance with the resolution of adjournment, both houses of Congress were called to order at noon on Tuesday, by Vice President Wade and Speaker Colfax. But few members were present in either, and both houses were adjourned *sine die* by their respective presiding officers. The next session begins on Monday, December 7. Mr. COLFAX, Vice President elect, left Washington on Tuesday in company with Senator WADE, Hon. WM. D. KELLY, Hon. EDWARD MCPHERSON, Hon. O. J. DICKEY, and ex-senator CRESWELL, spending the evening in Baltimore, and leaving the next morning for the West with Senator WADE.

The Copperhead leaders, with their usual hypocrisy, have *since* the election taken to praising GRANT. Their daily occupation, *before* it, was to denounce him as lacking every virtue, and capable of every crime. He was indifferent to their censure; he will be as heedless of their praise.

IN SEYMOUR'S town, Dearfield N. Y. the Republicans made a large gain.—Galena, GRANT'S home, which gave McClellan 120 majority, gave Grant a majority of 9. In South Bend, COLFAX'S home, the Republicans gained 71 over the October election. These are significant facts.

WHEN THE ELECTORS MEET.—The electors chosen in each State meet at the Capital of that State on the first Wednesday in December. They vote by distinct ballots for President and Vice President, and send the result, carefully sealed, by a special messenger, who will deliver it to Hon. Benjamin Wade, President of the Senate. The Senate and House having fixed a day for a joint convention, will assemble together in the House. Mr. Wade will open the certificates, count the votes, and announce that Ulysses S. Grant is elected President and Schuyler Colfax Vice-President of the United States. Neither General Grant or Mr. Colfax are therefore yet legally elected; and they will not be until the first Wednesday in December.

A DRUNKEN Democrat was arrested at Lowell, Mass., on complaint of his neighbors, Tuesday night. The officers found him seated at a table, with a large potato in front of him, four or five candles sticking in it, at his right hand a bottle of whisky, and at his left a tumbler. They asked him what he was about, and he replied in maudlin tones. "An' I'm holding a wake over Saymour."

A COUPLE of gentlemen observing a pretty rough-looking customer leaning against a lamp-post, much under the influence of tarantula, made a bet as to his politics. Approaching him, one of them said: "How do you stand uncle? You're a Democrat, are you not?" "Democrat be——d! I admit the symptoms, but, if I know myself, I'm on ozzer side."

THE Carlisle *Herald* has been enlarged and improved. Likewise the Westminster *Sentinel*, under the vigorous management of its new proprietor, Mr. Seabrooks. The Baltimore Daily *Sun* has added a column to each page, and fully maintains its reputation as an enterprising newspaper. George W. Childs, Esq., publisher of the Philadelphia *Ledger*, has sailed for Europe.

FREDERICK county, Maryland gives a Republican majority of fifty-six votes for Grant and Colfax, and fifty-four for Judge Weisel. It is the "banner" county, being the only one in the State carried by Grant. The Republicans of Emmittsburg district reduced the Copperhead majority to 102.

THE Commissioners of Antietam National Cemetery meet at New York on December 9th, when it is expected that the disposal of the remains of the Confederate dead in the vicinity of the battle-field of Antietam will be finally determined.

ADMINISTRATOR'S SALE OF DECEASED'S EFFECTS.

Since the Democratic party is dead, it is desirable that its affairs should be wound up, and its assets administered upon as speedily as possible. The following articles constitute the bulk of the personal property of the deceased party, which will be sold at public auction at an early day:

8,000,000 pairs of slave manacles (unconstitutionally damaged by Abe Lincoln.)—They will be sold as old iron.

300,000 slave drivers' whips, (lashes considerable worn, handles in good order.)

11 ordinances of secession.

1 old window sash—somewhat damaged by fire, removed from its original place by order of Governor Vance, in order that "Yankees" might be plied so high "that their legs would stick out of the windows."

1 Lost Cause.

100,000 Gray Uniforms (badly worn.)

50,000 Seymour and Blair banners, (perforated with numerous holes, will be sold by the pound; for paper rages.)

25,000 portraits of Horatio Seymour, labelled "The People's Choice" (very handsome.)

1 "Policy" (manufactured by the Tailor of Tennessee.)

1 Rare Manuscript, being the original of Blair's Broadhead letter, (interesting as an historical relic, since it was in the hands of the deceased in the hour of Death, and bears traces of the tears shed by disconsolate friends on that occasion.)

1 lot of old lumber (used in the Democratic platform. Hampton's plank is in a good state of preservation.)

1 lot of type (damaged by printing rebel Democratic newspapers.)

1 tusk of the "Democratic elephant," broken off by the *World's* advice in the vain attempt to hold to the ice and escape drowning.

1 geological specimen of great value, being the "superfluous fragment" struck by the "stone hammer" from the igneous rock which the Democratic Ajax was unable to throw into the Republican camp on the 13th of October.

1 coffee pot, used in coloring Naturalization papers for use in the Pennsylvania election.

100 bales of Pendletonian greenbacks—nominal value $1,500,000,000 (will be sold by the pound. The attention of paper makers is especially called to this item.)

These articles will be sold at as low a price and on as long time as customers may desire since the surviving relatives are anxious to get them out of the way as soon as possible.

"REPUBLICAN" DESPOTISM IN THE SOUTH!

The only despotism of which we find any trace is that despotism of fraud with which, in other guises, New Yorkers are familiar. In Louisiana, Georgia and Alabama, the Democratic whites conspired to prevent a free election. Their success, whatever it amounts to, is attributable to violence and knavery. In Louisiana, especially, Democratic tactics attained full development. By a system of intimidation and assassination—by armed organizations and systematic lawlessness—the Democratic minority have carried the State. Republican voters were not permitted near the polls, and thousands were thus disfranchised. By no other means could the Democratic ticket have been sustained in the State. The same plan was pursued in Georgia, though in a modified form. The only tyranny, therefore, from which the reconstructed States have suffered in this election is the tyranny of a Democratic minority, acting in defiance of law and order.

In North and South Carolina, where the Republicans have triumphed, order and freedom were maintained. The local laws, enacted by Republicans, confer the franchise on all, and all voted without hindrance or disturbance.

The South, then, suffered no injustice, no oppression, no wrong at the hands of Republicans. It is freer—more truly self-governing—than at any period of its history. The exceptional instances of tyranny proceed exclusively from the Democratic whites—black and white Republicans being alike the sufferers. The advent of GRANT to the Presidency, and the supremacy of law and liberty which will be guaranteed by harmony between the Executive and Congress, will render a repetition of the Louisiana outrages dangerous if not impossible.—*N. Y. Times*

WOMAN'S SUFFRAGE perplexes the English reigning barristers who are charged with the duty of registering voters, and they are deciding contradictorily. One has admitted the claim of a considerable number of women to the franchise in Finsbury, defending his opinion by an elaborate array of historical and legal arguments. A few years ago Lord Brougham secured the passing of an interpretation Act intended to shorten and simplify all subsequent Acts of Parliament, and in this there was a provision that the word "man" should be understood to import the feminine as well as the masculine gender in every case where the Legislature did not specially express a contrary intent. But this, like many other Acts, has been almost forgotten, and Parliament in passing a new Reform Bill, never once thought of their own decree that "man" should mean "woman." But on the other hand, a revising barrister at Leeds has condemned the claim of women to the franchise as "frivolous, groundless, and absurd," and has inflicted a fine of ten shillings on a lady for making it. This, to say the least, is hard treatment. The appearance of the names of many thousand of ladies on the overseers' lists in various parts of the kingdom, proved that the legal question was at least open for discussion. We observe, that two ladies claimed the privilege of voting at the late election in New Jersey, but were refused by the election officers.

THE *Round Table*, which has been a supporter of the Democratic candidates, says that "it is a notorious, and now proves a significant fact, that the great bulk of eloquent speaking and clever writing in this canvass have been done for the Republican side. With exceptions that may be counted on the fingers, the Democrats have really had neither spokesmen nor journalists whose abilities are worth a straw to their party."

FREDERICK WATTS has issued a circular, stating that "the trustees of the Agricultural College of Pennsylvania have under consideration the reorganization of the institution; and for that purpose desire the employment of a Principle whose learning, and especially whose executive and administrative ability, will fit him to preside over and govern its operation."

In the Supreme Court of the District of Columbia yesterday the appeal of the United States from the jungment of Judge Wylie, setting aside the indictment against Surratt was dismissed. The Court took the ground that the United States had no right of appeal in a criminal case. So the Surratt case is closed.

FREE SPEECHES seems about to be permitted all over this country. For the first time since the morning of creation northern people will now be able to say what they please, in any part of American territory. And let all the people say Amen. Tar and feathers will henceforth be only used for their legitimate purposes.

GENERAL MCCLELLAN is to have a salary of ten thousand dollars a year from the executors of the will of the late Edwin A. Stevens, for superintending the completion of the famous Stevens battery at Hoboken.

THE Democracy have lately renounced "the *World*," but they still adhere to "the flesh and the devil."

WOMAN.—FEMALES, OWING TO THE PECULIar and important relations, which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these constitutes in no small degree to their happiness and welfare, for none can be happy who are ill. Not only, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual, and are long before permanent sickness and premature decline. And is it pleasant to consult a physician for the relief of these various delicate affections, and only upon the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. These will thank us for placing in their hands simple specifics which will be found efficacious in relieving and curing almost every one of those troublesome complaints peculiar to the sex.

HELMBOLD'S EXTRACT OF BUCHU.—Hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert anything that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the cause of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to this subject to enumerate a few of the many additional causes which so largely affect the life, health, and happiness of woman in all classes of society, and which, consequently, affect more or less directly, the welfare of the entire human family. The mania that exists for precious education and marriage, causes the years that nature designed for corporeal development to be wasted and perverted in the restraints of dress, the sacrifice of health, comfort, and especially in the unhealthy excitement of the ball-room. Then, with the body half clothed and the mind unduly excited by pleasure, perverting in midnight revel the hours designed by nature for sleep and rest, the work of destruction is half accomplished.

In con-equence of this early strain upon her system, unnecessary effort is required by the delicate votary to retain her situation in sch ol at a later day, thus aggravating the evil. When one excitement is over, another in prospective keeps the mind morbidly sensitive to impression, while the now constant restraint of fashionable dress, absolutely forbidding the exercise indispensable to the attainment and retention of organic health and strength; the exposure to night air; the sudden change of temperature; the complete prostration produced by excessive dancing, must, of necessity, produce their legitimate effect. At last, an early marriage caps the climax of misery, and the unfortunate one, hitherto so utterly regardless of the plain dictates and remonstrances of her delicate nature, becomes an unwilling subject of medical treatment. This is but a truthful picture of the experience of thousands of our young women.

Long before the ability to exercise the functions of the generative organs, they require an education of their peculiar nervous system, composed, of what is called the tissue, which is, in common with the female loved ones, delicately under the control of mental emotions and associations at an early period of life; and, as we shall subsequently see, those emotions, when excessive, and, long before puberty, is baleful, which say the very life of their victims are nature has self-constructed their development.

For Female Weakness and Debility, Whites or Leucorrhœa, Too Profuse Menstruation, Exhaustion, Too Long Continued Periods, for Prolapsus and Bearing Down, or Prolapsus Uteri, we offer the most perfect specific known: HELMBOLD'S COMPOUND EXTRACT OF BUCHU! Directions for use, diet, and advice accompany.

Females in every period of life, from infancy to extreme old age, will find it a remedy to aid nature in the discharge of its functions. Strength in the glory of manhood and womanhood. HELMBOLD'S EXTRACT BUCHU is more strengthening that any of the preparations of Sarsaparilla, infinitely safer, and more pleasant. HELMBOLD'S EXTRACT BUCHU, having received the indorsement of the most prominent physicians in the United States, is now offered to afflicted humanity as a certain cure for the following diseases and symptoms, from whatever cause originating: General Debility, Mental and Physical Depression, Indecision, Determination of Blood to the Head, Confused Ideas, Hysteria, General Irritability, Hasty Issuance and Sleeplessness at Night, Absence of Muscular Energy, Loss of Appetite, Dyspepsia, Emaciation, Low Spirits, Disorganization or Paralysis of the Organs of Generation, Palpitation of the Heart, and, in fact all the numerous train of a Nervous and Debilitated state of the system. MONEY WANTED!—Our financial affairs having been somewhat neglected during the late exciting Can paign, we should like to straighten them up, now that we have straightened up the Rebels. We have several heavy Paper Bills coming due, and we have to request our friends to help us along. The November Court will afford good opportunites for subscribers in the county to send in money. Non-resident subscribers can remit by mail. A few dollars from each subscriber sent in at once will help us out, and demand cordial thanks on our part. Don't delay—but send in AT ONCE.

"PRETTY STEEP."—The *Compiler* copies *without credit* the whole of our list of damage claimants, which we prepared after much labor. This is hardly fair practice, neighbor.

PUBLIC SALE.—Dr. CARPENTER, of New Salem, intends to remove to Virginia, and will have a sale of valuable Personal Property at his residence on Friday next. See advertisement.

EMMITSBURG.—The Republicans of Emmitsburg intend to have an Illumination and Torchlight Procession on Monday night, in honor of the election of Grant and Colfax. A good time may be expected.

BARBACUE.—The Republicans of Hanover will celebrate the Great Victory by a Grand Barbacue on Tuesday afternoon next, and a Torchlight Procession and Illumination at night.

☞We notice by the Allentown papers that the Trustees of Muhlenburg College have made provision for three more teachers, one for Music, one for Drawing, and one for Book-keeping.

R. R. MEETING.—The citizens of Fulton and Huntingdon Counties have issued a call for a meeting of all persons interested in the construction of the Chesapeake and Lake Erie Railroad, to meet in McConnelsburg, on Saturday, Nov. 14th.

THE SEASON OF FIRES.—The New Haven Insurance Company has directed its fire marshal to examine every house, to see if the stoves and furnaces are put up properly, in order to diminish the fires. Our housekeepers should exercise similar caution at this season.

COURT.—The November Court will commence on the fourth Monday, the 23d, continuing two weeks. We presume criminal cases will be tried the first week, and the civil causes the second week. Separate Traverse Jurors have been drawn for each week.

CORRECTION.—In closing out our form last week, the vote of Hamilton township for Grant and Seymour electors, in the official table, were transposed—an error so patent that each reader would doubtless correct it for himself. The total vote as given was correct.

PRESBYTERIAL.—It is understood that Rev. Mr. JOHNSTON, of Knox ville, Illinois, has declined the call to the pastorate of the Presbyterian congregation in this place. A Congregational meeting has been called for to-morrow (Saturday) at 2 o'clock, P. M.

ELECTION.—The following gentlemen were on Monday last elected officers of the Gettysburg and Petersburg Turnpike Company, viz:

President—Wm. D. Himes.

Managers—George Swope, William McSherry, Jacob Wirt, J. R. McClellan, Joseph Bailey, Marcus Samson.

Treasurer—J. H. McClellan.

SERVICES.—There will be services in the Marsh Creek Presbyterian Church on Sabbath the 22d inst., at the usual hour of morning worship.

There will be Communion in the Huntorstown Presbyterian Church, next Sabbath (Nov. 13th) Rev. Dr. Watson officiating.—Preparatory services on Saturday morning at 10½ o'clock.

DIVIDENDS.—The First National Bank of Hanover has made a dividend of five per cent.; the Hanover Savings Fund Society ten per cent.; the Hanover Branch railroad company five per cent.; the Carlisle Deposit Bank five per cent.; the Farmers Bank of Carlisle three per cent.; the York National Bank six per cent.; the York County National Bank and First National Bank each seven per cent.

☞As we have had occasion frequently during the late Campaign to refer to Copperhead outrages at Republican meetings in this county, it is no more than simple justice that we should say that the Democracy of Gettysburg deported themselves with commendable prudence and propriety on Monday night last, while the Illumination and Torchlight Procession were in progress. No disturbance of any kind occured.

MOULTING CANARIES.—When your canary birds are moulting and cease to sing, do this: Put a little oxide of iron (iron rust from the drug store,) or let a couple of lath nails be in the water they drink; take away their bath, so that they can't get any drink but their medicine. It another water cup immerse a little saffron. The latter gives color to the incoming feathers. The iron braces their systems while moulting. In a little while they will sing loud enough to cause a headache.

ARRESTED FOR STEALING.—WM. BLOOMHUNG and THEODORE RICHARDS, hailing from the mountain back of Emmittsburg, were arrested and lodged in jail here on the 3d inst., charged with stealing a bag and flour, krout stand, &c., from JACOB BAKER at Two Taverns. They travelled in a one horse wagon, and in addition to the above articles, had on board a bag of screenings, a bag of oats, a bag of buckwheat, &c., stolen from GEORGE LAWRENCE and others, along the Maryland line.—*Compiler*

CURE FOR IN GROWING NAILS.—It is stated that cauterization by hot tallow is an immediate cure for in-growing nails. Put a small piece of tallow in a spoon, and heat it over a lamp until it becomes very hot, and drop two or three drops between the nail and granulations. The effect is almost magical. Pain and tenderness are at once relieved, and in a few days the granulations all go, leaving the diseased parts dry, so as to admit of being pared away without any inconvenience.—The operation causes little if any pain, if the tallow is properly heated.—*Exchange.*

SALES.—David Bluebaugh has sold his house and lot on West High street, two story frame dwelling, to John W. Weigle, for $2425 cash.

Nicholas Weaver has sold his two new frame houses on Chambersburg street, second square, to Jacob Beck and Washington Bierbower, for $2,400—possession to be given April 1st.

George Bupp recently sold his property, in East Berlin, to Nathaniel Nickey, for $2,200. Subsequently Mr. Nickey sold it to W. B. Moul for $2,500.

A. W. Flemming has sold a half lot, in West Middle street, Gettysburg, to Thomas Browning, of Washington, D. C., for $150 cash.

NEW GROCERY.—Mr. J. G. HERBERT has opened a new Grocery and Variety Store, at GEORGE LITTLE'S old stand on West Middle street. His stock consists of Sugars, Coffees, Syrups, Teas, Spices, Tobaccos, and Segars, with a large and well selected assortment of Queensware and Cedarware. The public are respectfully invited to call and examine his stock. He warrants his goods to be the best in the market and sells as cheap as the cheapest.

Teachers' Institute.

The Adams County Teachers' Institute met in the Court-house on Monday last, agreeably to call of the County Superintendent. The attendance has been large and the proceedings interesting. We give an abstract of the proceedings kindly prepared for us by a friend. The Institute will continue in session to-day.

About eighty Teachers answered at roll call on Monday afternoon. After the usual preliminary exercises, the Institute proceeded to elect officers for the ensuing year, resulting in the choice of the following persons:

Vice President—W. C. Sewbrooks.

Secretary—J. H. Slaybaugh.

Assistant Secretaries—Miss Sue Bushey, Miss M. Sanders.

Treasurer—Aaron Sheely.

Executive Committee—Aaron Sheely, Wm. Black, Miss Jennie Hamilton.

The following persons were elected a Committee on Permanent Certificates: J. Howard Wert, Miss Ollie J. Heinard, Miss Jenie Hamilton, Calvin P. Hamilton, Miss Ollie Chronister.

The evening session of the Institute adjourned, without transacting business, many of the Teachers preferring to enjoy the illumination and torchlight procession.

TUESDAY, NOV. 10

Morning Session.—After opening exercises, calling the roll, and transaction of some miscellaneous business, Mr. A. McIlvaine, Esq., superintendent of Franklin County, gave instructions in Arithmetic. After a short recess, Mr. Aron Sheely took up the subject of Geography and the manner in which it should be taught. He was followed by Prof. Mark Bailey of Yale College, to whom 45 minutes previous to the close of each session have been assigned. His lecture on Elocution was both interesting and instructive; as were also the remarks of Mr. Woodruff, County Superintendent of Chester County, on the subject of language. His remarks were in the colloquial style interspersed with apposite and well pointed anecdotes.

Afternoon Session.—The subjects of the morning session were resumed by the same speakers—Mr. McIlvaine opening with Arithmetic, Mr. Woodruff following in an able discourse on Orthoepy, after which Prof. Bailey again rivited the attention of the crowded house with a continuation of his course of lectures on Elocution.

At night the Court-house was again densely crowded, notwithstanding an admission fee was charged. Prof. Ermentrout opened with an interesting lecture, and was followed by a series of Readings by Prof. Bailey, including Whittier's "Barbara Freitchie," Poe's "Raven," a comedy from Sheridan, &c., the choir rendering some excellent music.

THURSDAY, NOV. 12.

Morning Session.—After some discussion it was determined to hold the next Annual Meeting of the Institute in Gettysburg. The opening of the Query box drew forth varied discussions of the topics suggested, some being quite humorous. Prof. Ermentrout spoke at some length on the relation of the Teutonic to the English language, and was followed by Prof. Bailey with a sixth lecture on Elocution—the slides of the voice being specially treated of.

Afternoon Session.—The session was devoted principally to Mathematics and Geography; the speakers being Messrs. McIlvaine, Sheely, and Woodruff; Prof. Bailey closing with another of his interesting elocutionary exercises, which seem to be the attraction of the week.

Last night Prof. Bailey gave a series of Readings in Agricultural Hall, in presence of a very large audience.

The Institute will continue in session to-day, (Friday,) closing to-night with a final lecture by Prof. Bailey on Elocution, and an address by Hon. J. P. Wickersham, State Superintendent.

The attendance has been unusually large, both by Teachers and Citizens. About 125 Teachers have been in attendance during the week, notwithstanding in many districts Directors have declined to grant the full time provided by law. The various sessions were enlivened by vocal music by a select choir of ladies and gentlemen, under the direction of Prof. Gundrum, and also at times by the String Band of this place.

THE ORIENTAL COAL STOVE.—S. G. Cook has received another lot of these celebrated stoves, being the 3d lot this season, the great demand for the Oriental proves its excellence. It is by far the cheapest, handsomest and best base burning stove in the market, and becomes a favorite where ever introduced, a cheerful ornament in the parlor, a convenience in the dining room and a necessity every where. Being a self feeding, perpetual burner, economical in the use of coal, easily managed and possessing greater heating capacity than any other, it maintains its supremacy among base burners, as it fully deserves. Call and see it.

Cook has also a full supply of Cooking Stoves at reduced prices warranted to bake and give satisfaction in every respect, also a general assortment of articles suitable for Kitchen use, &c. Give him a call.

Illumination and Torch-Light Procession.

BRILLIANT DISPLAY.

Gettysburg, Monday night, was all ablaze with light, by reason of the Illumination and Torch-light Procession, in honor of the great popular triumph achieved by the loyal men of, the nation on the 3d of November. It was a fitting expression of the jubilant feelings of the friends of Law and Order, in view of the stern rebuke administered to the turbulent, arrogant, and lawless spirit, which threatened a new Rebellion and aimed by fraud, corruption and terrorism to get possesion of political power. On no previous occasion—not even in the victories of 1860 and 1864—have we seen so brilliant a display on our streets, so dense a crowd, or so much overflowing joy and enthusiasm. Happiness beamed from every Republican face—cordial greetings and interchange of congratulations could be seen at every step—old and young participating in the general joy. *All* seemed to feel that the Republic, in the defeat of the nominees of the New York Convention, had escaped a peril as dangerous as the Rebellion itself—that in the magnificent majorities given to the great Soldier who had conquered the Rebellion the people had avowed their determination before the world that the fruits of the War shall be secured—and that Rebels and Rebel-sympathizers, North and South, must understand that hereafter Freedom of Speech and Equality before the Law are to be the protected rights of every American citizen. So mote it be.

At an early hour, delegations from neighboring towns and surrounding country began to arrive. Emmitsburg, Fairfield, Hunterstown, Bendersville, Cashtown, Hanover, and other sections, were fully represented. The Bendersville boys came attended by their Brass Band—the Hanover club, with martial music, torches and transparencies. The procession was to have formed at 7 o'clock *sharp*, but was delayed sometime by the Hanover train failing to reach here on time. But the line was finally formed, moving over the following route:—Up Baltimore street to Orphans' Home; countermarch to Breckenridge street; up Breckenridge to Washington; down Washington to Middle; down Middle to western end, and across to Chambersburg street; up Chambersburg to diamond; down York to eastern end; countermarch to Liberty, and across to east Middle; through Middle to Washington; out Washington to College; and return through Carlise to the Diamond.

The procession was a brilliant success—the gleaming torches, parti-colored Chinese lanterns, innumerable transparencies and illuminated devices, lighting up the long line, while jubilant shouts intermingled with the stirring music of the various Drum Corps and two Brass Bands—the crowd who blocked up the side-walks, from time to time, giving vent to their enthusiasm by greeting various points of the moving line with hearty cheers.

Want of space precludes a detailed notice of the various banners and devices.—Among the more marked, was a delegation of some 15 or 20 men in a wagon, attended by outriders, all dressed alike in long white robes, girdled at the waist, with cowls and disguised faces, and wearing black illuminated caps. These mysterious personages were accepted by some as a delegation of the "Ku Klux," come either to mourn the defeat of the "lost cause," or pay their tribute to the victorious columns of the army of Freedom—by others as the "White River" band, summoned to escort the beaten Seymourites to the Salt River regions. The latter idea seemed to accord with the motto on their banner and the non-descript music of the party whose mournful notes advertised the fact that the "old gray goose is dead."

Dr. WEAVER had his party of little girls, arrayed in white and bearing miniature flags, singing as they went patriotic songs and all as happy as queens. Dr. TATE had his Committee in Hay, with safety illuminated mottoes, surmounted with a boat labelled "for Salt-River," the rowers tugging away at the oars as though they had up-hill work. We noticed also a "Salt-River Boat" under charge of our young friend, J. A. DANNER.

The residences of the Republicans of the town were generally illuminated—many of them brilliantly and handsomely decorated, attracting much attention. It would be invidious to particularize. Suffice it to say that between torchlight procession and the illumination of houses, the town was in a blaze of light and a glow of enthusiasm.—Even the colored residents manifested their joy by generally illuminating, while a party of some fifteen or twenty formed in the rear of the procession with a transparency labelled "Free Speech for all."

After passing over the route, the procession moved to the "Eagle Hotel," which had been elaborately decorated with evergreens and illuminated mottoes, and in front of which an immense crowd had gathered, clamorous for speaking. The crowd was addressed successively by D. McConaughy, Esq., Lieut. Wm. R. Eyster, D. A. Buehler, Esq., P. D. W. Hankey, D. L. McKenzie, Prof. Bailey, Capt. C. G. Miller, Mr. Gephart, and Dr. N. Weaver.—At a late hour, the meeting broke up, the lights went out, and the crowd quietly dispersed. The night was a pleasant one, and everything passed of pleasantly. It was a worthy closing up of a great political campaign.

The Procession was marshalled by Capt. Perry J. Tate, with the following assistants: Capt. J. F. McCreary, Lieut. J. W. Cress, Maj. Robert Bell, Capt. James Mickley, Major O. A. Horner, Lieut. W. Pitzer, Lieut. James Hersh, Isaiah Diller.

In closing this brief notice, it is eminently proper that we should state what we know to be the fact, that much of the credit for the torch-light display is due to Mr. JOHN M. WARNER, who personally supervised the arrangements, attending at the Club room day and night, and giving the matter his undivided attention.

SUDDEN DEATH OF A STRANGER.—WILLIAM JOHNSON, a native of Scotland, light complexion, 5 feet 8 inches high, aged about 30 years, who had been at work on the Gettysburg Spring Street Railroad for some weeks, on Tuesday last at 3 P. M. was taken suddenly ill and left the work for his boarding house, Mr. FROCK'S in Cumberland township, which, however, he failed to reach, as he was found dead by the road side, near the residence of CHAS. J. TYSON, at sun down, by his fellow workmen. His body was removed to the residence of Mr. Frock. He was buried Wednesday evening in Ever-Green Cemetery, the lot being furnished by the officers of the Presbyterian Church.—Messrs. Nicholas Weaver and Dr. T. T. Tate gratuitously furnished the Hearse and Carriages. Although this man was amongst strangers, his funeral was largely attended by our citizens and the employees of the Gettysburg Springs Rail Road Company. Nothing is known of his residence. He had conducted himself in a manner to command the confidence of his employers and fellow workmen, by his steady habits and good behavior. He had remarked that he had 5 sisters, but no mention was made of any of their residences.

LOST.—On the morning of the October Election, between Gettysburg and Horner's Mill, on the Taneytown road, a black and white grey Blanket Shawl, and a black Oil Cloth Satchel. The finder will please leave them at this office. 3t

SECOND-HAND BUGGIES FOR SALE.—Three falling tops, one standing top, one no top, *Buggies*—two two-seat carriage, one three seat carriage, two Wagons—for sale on reasonable terms. Enquire of SAMUEL HERBERT, at Keystone Hotel. nov. 6—2t.

The Damage Commissioners were unable to be present at the second sitting in this place, on Tuesday and Wednesday last.—Their efficient and gentlemanly Clerk, W. W. McAlarney, Esq., attended and received the claims, facilitating the preparation and presentation of claims by prompt advice and courteous responses to inquiries. Four hundred and fifty-five (455) additional claims were handed in, making with the 401 presented at previous sittings, a total of 946. There are still a number of claims in preparation. By the time all are in, our original estimate of 1000 will be found approximately correct. We annex a list of the claims presented this week, in the preparation of which we acknowledge our obligations to Mr. MCALARNEY, for various courtises:

Gettysburg, Friday, Nov. 13, 1868.

THE HISTORICAL WINDMILL.

I know a windmill is an ordinary thing, that there is nothing beautiful about it—but I remember seeing one that seemed beautiful. It had its history. When Frederick the Great was Emperor of Prussia, he went out a little way from Berlin and built him a palace at Sans Souci. He and the Empress were seated, one Sabbath afternoon, in their beautiful grounds, and the Empress said: "I don't like that old windmill over there. I wish you would buy the grounds and tear it away, as it mars the beauty of our grounds, being right alongside and so near them here." "I'll do it to-morrow," said he. So on the morrow he went to the miller and told him he wished to buy his little homestead. "I don't wish to sell," said the miller. "But," said the Emperor, "I must have it. I wish to extend and beautify my grounds, and your windmill is a sore eye to the Empress." "But," said he, "my grandfather is buried yonder, and my father is buried there, and my great grand grandfather over there, and this has been the home of my ancestors for generations. I want to live and die here, and I can not sell it." The Emperor, getting out of patience, said he would order his men tear the mill down, and take possession of the grounds. Said the miller, "May it please your Majesty, there are laws in Prussia, and I can sue you." "I don't care," said the Emperor, and went on and tore down the mill. The miller sued him, and the courts decided against his Majesty, and declared that he should rebuild the mill, and pay, to the last farthing, all the miller had lost. The Emperor bowed his head, went and rebuilt the mill, and paid all damages. After awhile Frederick the Great was in his grave, and the old miller was gone; but by and by another miller was there, and another Emperor was on the throne. The miller wrote to his reigning Majesty, that so many years ago, his grandfather had refused to sell his windmill and homestead to him, but, said he, "I am poor and need the money, and I will sell, and hope the price may be such as to please your majesty; I must have $5,000." The Emperor with his own hand wrote a reply. He wrote simply this: "You say you are poor, I am sorry for it. You are willing to sell your windmill for $5,000. The windmill cannot be sold. It belongs to Prussian history. Inclosed find my check for $5,000." And the name and the great seal of the Emperor was affixed. I stood near that mill on a beautiful afternoon, and as I wandered among the trees, and caught the fragrance from ten thousand beautiful flowers that filled the air with their perfume, I thought the most beautiful thing of all I saw was that windmill with its ungainly arms, and as I watched it swing around those arms the tears came unbidden to my eyes, for it seemed to me to swing those giant arms around as for the defense of the rights of the humblest men, for the poor as well as the mightiest. And that is the glory of Government everywhere.—*Rev. E.B. Fairfield.*

FALL PRUNING GRAPES.

Most grape growers delay pruning their vines till spring. This we think a bad practice. If they wish to make cuttings of the surplus canes, they are not near so good as if taken off in the fall and carefully burned, or put away till spring. The wood is frequently so much injured by the water, as not to grow in the spring.

But the wood left for producing fruit is better for being pruned in the fall. It is much more easily protected, as it can readily be laid down and covered slightly with earth, and if we have a severe winter it is safe. Indeed we think it would pay to protect vines in this way in our mildest winters.

It is not for the protection of the vine alone, however, that we recommend fall pruning. It is to strengthen the buds and canes which are left. Many think that it will have no such effect. But if they will prune two vines in the same manner—one in the fall as soon as the leaves are destroyed by frost, the other the following spring they will find that fall pruned vines will be much more vigorous and productive the ensuing summer. The vine is not dead in the winter. Its roots continue to absorb food, though, of course, in much less quantity than in summer. The nutriment thus absorbed is distributed throughout the vine.—All the buds are more or less benefited, but as the buds remotest from the roots always receive the principal flow of sap, they are most benefited. Now by pruning in the fall, all this is saved in the buds and cane we have left for bearing. It is upon this principle that we always prune in the fall or winter for wood. By summer pruning we check the wood growth as all know.

The buds that are left will become strengthened by the sap they have received during the winter. They will push early and vigorously in the spring; and if well cared for, will delight the eyes of the beholders with large clusters of luscious fruit that they produce.—*Rural World.*

ABOUT BLOOD.

Observe your mother when she is packing a trunk, and you will see that whatever she is most afraid may be spoiled, she is most careful to put in the middle, so that it may be least exposed to accidents. And this is what a kind Providence has done with the arteries, which have the utmost cause to dread accidents, while the veins, which are much better able to bear rough usage, are allowed to wander about freely just under the skin. But when the bones happen to take up a great deal of room, and come near the skin themselves, as in the case in the wrist, the artery is forced, whether he likes it or not, to venture to the surface, and then we are able to put our fingers upon him. And there are others in the same sort of situation; the artery of the foot for instance.

You feel quite sure blood is red, do you not? Well, it is no more red than the water of a stream would be if you were to fill it with little red fishes. Suppose the fishes to be very, very small—as small as a grain of sand—and closely crowded together through the whole depth of the stream; the water would look quite red, would it not? And this is the way in which blood looks red; only observe one thing; a grain of sand is a mountain in comparison with the little red fished in the blood. If I were to tell you they measured about the three thousand two hundreth part of an inch in diameter, you would not be much the wiser; so I prefer saying (by way of giving you a more striking idea of their minuteness) that there would be about a million in such a drop of blood as would hang on the point of a needle. I say so on the authority of a scientific Frenchman—M. Bouillet. Not that he ever counted them, as you may suppose, any more than I have done; but this is as near an approach as can be made by calculation to the size of those fabulous blood-fishes, which are the three thousand two hundreth part of an inch in diameter.—*Jean Mace.*

CALIFORNIA WHEAT.—The San Francisco papers report that certain sections of San Joaquin county produce 40 bushels of wheat and 85 bushels of barley to the acre. The Chill club wheat, however, raised in Los Angelos county, yields 80 bushels of wheat and 100 bushels of barley to the acre.—These immense crops, it is stated, are produced without the use of any kind of manure or fertilizer, except rain and sunshine. In England, in soils under the most perfect state of cultivation, 32 bushels of wheat per acre is considered a very fine crop. From 28 to 30 bushels per acre is the customary yield of the rich grain growing countries.

J. H. SHIREMAN'S

REAPERS & MOWERS.

HAVING been agent for this machine last season, I also offer it to the farmer this season. It is well known, having taken the premium at the Bendersville Fair, also at the Gettysburg Mowing Match over seven others, which were considered splendid machines, and likewise at the Dillsburg Mowing Match. Having concluded not to offer any machine that will not give entire satisfaction, I have refused agencies of several other machines, and now offer this one as

THE GREAT MACHINE OF THE SEASON.

Having tried one myself, I know exactly what it will do. I could refer you to scores of farmers who have purchased machines of me, who are highly pleased and say this is the only machine they would use.

Extra shares always on hand, and repairing done here at my place. This is a great consideration—the machine can be repaired at home immediately, and with much less cost.

Another great saving is the BINDER which is attached to this celebrated Reaper and Mower. It has been thoroughly tried, and given entire satisfaction—requiring no harvest hand except a driver. This binder can also be attached to the Reapers which have been sold; but cannot be attached to any other machine except Shireman's.

I will here refer you to a few farmers, in different localities, who have bought and used these machines

Joseph Wierman, Mr. Linn,
Ulrich Jacobs, J. R. Hershey
Jacob Hartman, B. B. Woodburn.
Jacob Lamm,

with others, too numerous to mention

This machine has a self-rake, side delivery, and is warranted to do its work as above recommended.

Also on hand, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, a first-rate article, which we will sell at the lowest possible price. Warranted to give satisfaction. Also the COLUMBIA RAKE always on hand.

Machines can be seen at my house, three miles south of Gettysburg, or at Mr. Conrad Snyder's Battlefield Hotel. J. LEWIS A. BUSHMAN,

WASHING MADE EASY.

HAVING the agency for Adams county for JACKSON'S UNIVERSAL WASHING COMPOUND, Patented Jan. 10, 1865, I respectfully invite the attention of the housekeepers of Gettysburg and vicinity to this new, economical and valuable Washing Compound! In the first place it contains no rubbing of clothes, washes in hard as well as soft water, and does not injure the most delicate fabric; preserves and fixes the colors; removes paint, grease and other stains like magic; is a trial and you will use nothing else. Family Rights $1 each. For further information apply to

CHAS. H. STALLSMITH,
Gettysburg, Pa.

☞I have been informed that parties in several parts of the county are selling what purports to be Jackson's Compound. As I have the exclusive right to Adams county, all persons are hereby warned against selling or purchasing from other parties.
